Disclaimer

Before entering into transactions related to the purchase of courses and Vrakka academy access packages, as well as receiving NFTs and tokens as gifts, it is crucial to understand the following points:

- The course and academy are intended to provide educational knowledge and resources, not financial or career advice.
- Participating in the course does not guarantee specific financial results. Results will depend on individual skills and efforts, and past performance is not indicative of future results.
- Vrakka reserves the right to modify aspects of the course, academy, NFTs or tokens without prior notice. You are advised to periodically review the updated terms and conditions.
- Regarding the digital assets you are receiving, they are a volatile asset class and can undergo large fluctuations, so there is a high risk of loss on any trade. If you wish to trade these assets, we strongly recommend that you conduct proper research to better understand the risks.
- The images of our products are for illustrative purposes only. Therefore, they may vary slightly from the actual product.
- Users are advised to independently research before making investment decisions or transacting in NFTs and tokens. The information provided does not constitute a recommendation or endorsement.

By purchasing the course and participating in the academy, users agree and acknowledge that they have read and understood the disclaimer and terms and conditions. If you have any additional questions, please do not hesitate to contact us.

x10

NFT's collection

Main benefits

VRK token booster

The VRK tokens generated by the user when using the application will be multiplied by a factor of x5 or x10, depending on the type of NFT assigned.
*The assignment of NFTs is done randomly.

VRK token mining

The NFT holder will receive a monthly amount of tokens, even without using the application, in the form of passive income. This income is generated from specific activities performed by the entire Vrakka Habits community.
